## Invitation

We extend a cordial invitation to admirers of the breed to be present at this sale. We do feel that we are offering a quality lot of young bulls and females of the low set, short legged, beefy type. The females are reasonably heavy milkers and a few could be highly prized as milk cows. They have been given good ordinary farm care and will be found in good condition sale day, as they went into the winter that way and are kept that way throughout the year. We believe in growing them but not crowding concentrates into them, something that the man who buys them probably won't do. However, if the showman needs a few to fill out his show herd there will be plenty to choose from sale day.

This offering is healthy, the herd has been accredited for five years and have had no abortion. Considering all these conditions and that so many of the females have calves at foot or close to calving, we believe there hasn't been as great an opportunity to buy choice cattle for years.

Sni-A-Bar Giltspur—In this impressive sire we have, through his top sires, breeding that we would expect a great deal of. His oldest calves can now be judged and they surely fulfill all expectations. He, having a show record himself, being a first-prize bull at the great Iowa State Fair in 1928, is siring calves that we predict will win if carried on and properly fitted. Will have his get other than those that are to sell in sale, up sale day for inspection.

Dreadnaught Majestic 1520421—This intensely bred Cudham Dreadnaught bull has been used some in the herd. He has come out of his injury remarkably well and we think he should make a good breeding bull. As a calf he was first at Ak-Sar-Ben show at Omaha, American Royal, Kansas City, and International, at Chicago.

An inspection of the pedigrees of the animals listed in this catalogue will show a fine array of breeding that is classed as the select of the Shorthorn breed. There are 12 bulls listed, most of which are old enough for service, well enough bred and good enough individually to be attached to any herd in the country as stock bulls. The 36 lots of females offer a wonderful opportunity for obtaining foundation matrons of purple blood; many with big, husky calves at foot. The cattle are all doing extra well. You will like them.

Master's Missie 1102260—This cow is dark roan, has a most pleasing head, smooth, well fleshed, strong back and short legged. She would look very good in any herd in America. She is an intensively bred Cumberland through her top sires, and through a family of Missies that are always good. There are a good many bred much the same as this cow is, to be sold in this sale. Look up the calves sale day from the cows of this family and your decision will be; this cow, like all of them, are breeding very good.
